Surely you have seen his photos receiving coveted awards in prestigious events of martial arts, or you have seen him next to some High Level Masters of international fame.

**How Much Do You Really Know About Dr. Robert Goldman?
Continue reading and discover the fascinating world of a man who did not stop to think about his dreams, he went to look for them.**

Dr. Goldman's path in the martial arts stretches back over 50 years to his youth. In his own words taken from his speech at the Martial Arts Masters Hall of Fame Ceremonies:

“My life has been dedicated to sports, martial arts, health, fitness, medicine, mentoring and helping others to reach their dreams. As martial artists we are lifelong teachers sharing our art. It is a commitment to inspire and motivate. Be the change you wish to see in the world.

True success is making a difference. Inspiring, helping others and giving back.

When you give you get. The best way to find yourself is to lose yourself in the service of others

We make a living by what we get, we make a life by what we give. When you focus on making a difference in other people's lives your life is the one that improves the most. To be successful you must have inner strength, an unbreakable will and unstoppable spirit and persistence.

You will FAIL. You will FAIL often. It will be very discouraging at times. It will test you to your very core.”

“Do NOT FEAR FAILURE. Everyone fails. I have failed many times

How you handle FAILURE is what will define your character and determine how your story will end.

- **World Chairman-International Medical Commission**
- **Co-Founder & Chairman of the Board-A4M**
- **Founder & Chairman-International Sports Hall of Fame**
- **Co-Founder & Chairman-World Academy of Anti-Aging Medicine**
- **President Emeritus-National Academy of Sports Medicine (NASM)**
- **Chairman-U.S. Sports Academy's Board of Visitors**

**“Honored by
Ministers of
Sports and
health officials
of numerous
nations”.**

This is what separates the winners from the losers. Part of the journey to greatness is accepting..... that you will fail. At those moments of failure you are tested. Tested to see if you have what it takes to WIN and succeed.”

“You either quit, give up, stay down OR you get up and YOU RISE.

Make a commitment to yourself to always strive for excellence. Winning not only on a field, in a ring, mat or on a stage but alsoin this game called life. And Never allow your mind to negotiate with your will to succeed.”

“It takes years of focus, discipline, commitment, relentless drive and a very hard work ethic.

It is about having a dream. Turning that dream into a vision that you set into motion with a goal and a plan. You must not quit...Winners never quit and quitters never win.

Opportunity does not knock, it presents itself when you beat down the door.”

“What you get by achieving your goals is not as important as what you become by achieving your goals. Perseverance is failing 19 times and succeeding the 20th. Persistence overcomes resistance

Perfection is not attainable, but if we chase perfection we can catch excellence.

Whether you think you can or you think you can't,..... you're right

Life is 10% what happens to you and 90% of what u do about it.”

“There is no greater satisfaction than knowing you had positive impact and made a difference.

You can get everything you want in life if you will just help enough other people get what they want. We must always strive to do better than our previous best. “

Let's review the abbreviated biography of Dr. Robert M. Goldman, MD, PhD, DO, FAASP

How Dr. Goldman could do all these things in one lifetime? What motivates Dr. Goldman to continue to improve himself?

Anyone close to Dr. Goldman can respond without hesitation. What moves Dr. Goldman is the feeling of helping society, and that is why he became a doctor. This feeling of devotion to service and that passion to help all mankind altruistically. When I say humanity, it is because his contribution to the development and promotion of the practice of physical education, sports, martial arts and medical sciences is of an immeasurable scope. The A4M event of which Dr. Bob is co-founder. The American Academy of Anti-Aging Medicine is an event that hosts the largest conferences in the field of anti-aging & regenerative medicine and brings together medical specialists from more than 120 nations and with more than 28,000 members. His studies and support to improve the quality of life, the prevention of diseases, and longevity has helped in the training of more than 150,000 doctors.

His Royal Highness Prince Gharios Knighted Dr Robert Goldman in August of 2019 for his humanitarian works in the areas of sports, martial arts and health sciences.

The Royal House of Ghassan is accredited by the United Nations and is one of the oldest in the world still active and the oldest Christian Royal House in the world. It's the only Christian Royal House in the Middle East still active. The Ghassanid Dynasty was responsible for the first conception of the "Christian Knight" in history, around 400 years before the first Crusade, The Dynasty's rights and titles are recognized by almost all Christian historical authorities in the Middle East, many Muslim religious and political high authorities including heads of State.

Sir Dr Robert Goldman is also a member of the International Board of the Royal House of Ghassan, being the Heath Director and also a member of the inner Special Counsel to the Sovereign Prince and the Main Representative of the Royal House of Ghassan to the United Nations .
